EXECUTION SCREENSHOT :

The screenshot shows a web-based MySQL interface. The top navigation bar includes a database icon, 'Database: MySQL v9', and buttons for 'Run', 'Save', 'Load Example', and 'Collaborate'. On the right, there are links for 'Sign In', 'Have any feedback?', and a Twitter icon. A green notification box states 'Query successfully executed in 101.94ms'. The main area is titled 'Schema SQL' and displays the following SQL code:

```
